Answers :

1) Answer: b)

The full form of e-SBTR is Electronic Secured Bank Treasury Receipt and it is mainly related to the electronic payment of stamp duty by public. This is generally issued by an officer of the participating bank, on a secured government document, only after verifying the receipt of virtual payment of stamp duty online by the individual

2) Answer: e)

E-Stamps have been introduced in India in order to help the general public access stamps from the government in an easy and accessible way without much hassle. This service is very much cost effective for both the government and the user and at the same; accessibility of stamps has also increased because of the introduction of e-stamps

3) Answer: b)

Net national income (NNI) is net national product (NNP) minus indirect taxes. Gross National Income is the aggregate of the gross balances of primary incomes of all resident institutional units. Gross national income (GNI) is GDP less net taxes on production and imports, less compensation of employees and property income payable to the rest of the world plus the corresponding items receivable from the rest of the world. Private income is the total of factor incomes and transfer incomes received from all sources by private sector (private enterprise and households) within and outside the country.

4) Answer: c)

The Mahabodhi Temple Complex at Bodh Gaya lies 115 km south of the capital city of Patna in the state of Bihar. It is one of the four holy sites related to the life of the Lord Buddha, and particularly to the attainment of Enlightenment. The property encompasses the greatest remains of the 5th-6th century A.D in the Indian sub-continent belonging to this period of antiquity. The first temple was built by Emperor Asoka in the 3rd century B.C.
